You heard about my spreading of stone and mulch and getting the garden ready over the last few weeks....

It is almost weed free and ready to enjoy! I thought I would share some pictures of my "socially disconnecting hobby".

A few more plants and a few minor changes and it will be finished.

Garden Quotes:

- "Never underestimate the healing power of a quiet moment in the garden."
- "To plan a garden is to believe in tomorrow".
 - "Bloom where you are planted".
 - A weed is an unloved flower".
